Converge

Automated Dish & Laundry Builder

Use: Dish Machine Detergent & Laundry Builder

What is Converge?

Converge is a hybrid product that is both a premium warewashing detergent designed for automatic dish machines, and a laundry builder that prepares fabric in the wash wheel to be washed. By raising the pH of the wash water, in both warewashing and laundry, entrapped soils & greases begin to be released from all surfaces.

Directions:

Consult your local representative for specific use instructions.

Dish: Use 8-10 ml. per rack during the washing cycle.

Laundry: Use 2-4 oz. per 50 wt. laundry during the suds cycle.

Precautionary Statements (First Aid):

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. Get medical attention immediately if irritation persists.

Skin: Immediately flush skin with plenty of water for at least 15 minutes while removing any contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure, making sure to wash before reuse. Contact a physician immediately if irritation persists.

Ingestion: Do not induce vomiting. If victim is conscious and alert, give 2-4 cups of water. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Inhalation: Remove from exposure and move to fresh air immediately and keep comfortable for breathing. If breathing is difficult, give oxygen. If breathing has ceased apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask. Get medical attention immediately if irritation persists.

Notes to Physician: Treat symptomatically and supportively. Consult a doctor and/or the nearest Poison Control Centre for all exposures.

"EPA/Safer Choice recognition does not constitute endorsement of these products. The Safer Choice logo signifies that the products' formulas, as Synthetic Labs has represented it to the EPA, contain ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Synthetic Labs, its integrity and good faith, for information on the products' composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the products' formula, nor evaluated any of Synthetic Labs's non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the products' human health and environmental characteristics, as specified in the Standard and based on currently available information and scientific understanding."

Tech Specs:

Color.....Clear
 Fragrance.....Odorless
 Form.....Liquid
 Flash Point.....No Data
 pH.....10.5
 Specific Gravity.....1.04
 Biodegradable.....100%
 Shelf Life.....Apx. 1 Year
 Specific Gravity.....1.03
 Viscosity.....Thin

Available Packages	
2841-55	55 Gallon Plastic Drum
2841-30	30 Gallon Plastic Drum
2841-15	15 Gallon Plastic Drum
2841-5	5 Gallon Plastic Pail
2841-4	4 Gallon Case
